

Parade

Cruise: From Parade moving out to a distance of 2 to 3 aircraft wingspans to gain cruise formation

Loose Deuce:

Envision a cone behind the shooter aircraft (the front aircraft). The trailing aircraft (cover) can maneuver behind the shooter left or right, high or low, but NOT in the transition or restriction zone

Combat Spread used when entering a hostile environment or setting up to engage targets on either air-to-air or air-to-ground operations.
